USP® NATURAL SOLVENT CLEANER

Description: USP® Natural Solvent Cleaner is a high quality, non-toxic bio-based, low odor, all-purpose natural solvent cleaner designed for removing tar, asphalt and sealants from equipment and building components.

Use: Intended for removing tar, asphalt and sealants from equipment and building components, including EPDM, KEE, PVC, and TPO single ply roof membranes, aluminum clad metal modified bitumen and factory finished aluminum trim, vinyl siding, and glass windows. Ideal for soaking hand tools overnight and possess great cleaning ability for roofing equipment.

Features & Benefits:
- Bio-Based - Made from Natural Plant Esters
- Low Odor
- Non-Toxic - Non-Flammable
- Biodegradable
- Almost twice the solvent power as Petroleum Solvents
- Contains no hazardous ingredients as defined by OSHA regulations.

Product Data:
USP® Natural Solvent Cleaner (typical)
- Color: Clear
- Viscosity: 50 – 75 cps @ 77°F
- % Bio-based: 90 min.
- Weight per gallon: 7.4 lbs.
- Flash point (TCC): +360°F (182°C)
- Container sizes: 32 oz spray bottle, 1, 5 Gal

Application Instructions: Tar & Asphalt Removal:
Remove as much of the material to be treated as possible before applying USP® Natural Solvent Cleaner. To emulsify tar, asphalt, bitumen and asphalt-based plastic cement, apply USP® Natural Solvent Cleaner undiluted to the desired area by spraying, mopping or pouring. Allow to stand on surface for 2-4 minutes to effectively penetrate substance, agitate if necessary, then wipe clean. Repeat as necessary. Rinse area with plain water preferably under pressure. For heavily soiled substances, allow to stand 3 – 5 minutes to dissolve, then rinse off.

Compatibility and Limitations: Asphaltic surfaces will be softened by this product and will begin to degrade the compounds if not immediately removed. When used on non-absorbent surfaces, 95% of residual applied cleaner will evaporate or bio-degrade within 28 days. This product may alter the appearance of vinyl siding with a chalky or porous surface and may permanently stain siding if not adequately rinsed off. Do not apply to painted surfaces. Safe for use on hands and skin. Caution: Observe normal safeguards for storing and handling of this product prior to and during application. If swallowed, do not induce vomiting. Keep out of eyes and do not ingest. Keep out of the reach of children. Read MSDS prior to use. Clean Up: Wipe with a clean rag to remove as much of the residue as possible. Rinse area with plain water to remove oily residue. Clean hands with waterless hand cleaner.

California Proposition 65 Warning: This product may contain chemicals known to the State of California to cause cancer, birth defects and/or reproductive harm.
